of sweet itch

protects it against dehydration ✓ calms and vitalises the skin ✓ promotes coat growths ✓ good for skin, coat and well-being ✓

cares for the skin | free of cortisone and Botox

*The soft help in
case of sweet itch*

Skin and coat care — for horses —

EQUIDOZON PLUS – for daily care in case of dry, itching or schly skin with mosquito repelling odour.

EQUIDOZON PLUS is high-quality oil-in-water emulsion, free of cortisone and Botox. It is excellently suitable in case of allergies and eczema with itchiness. **EQUIDOZON PLUS** keeps the skin smooth and protects it from drying.

Application:

Using **EQUIDOZON PLUS** (emulsion), rub it in 2 x on the dry and itching skin or coat places well. Completely treat the crest of the mane and tail root. Treat all other spots of body involved in palm size.

ingredients:

Aqua, Sodium Lactate, Paraffinum Liquidum, Isopropyl Palmitate, Glycerin, PEG-7 Hydrogenated Castor Oil, Mthoxy, PEG-22/Dodecyl Glccol Copolymer, PEG-45/Dodecyl Copolymer, Dimethicone, Magnesium Sulfate, Lactic Acid, Ozokerite, PEG-2 Hydrogenated Castor Oil, Sorbitan, Isostearate, Hydrogenated Castor Oil, Pinus Sylvestris

Attention!

EQUIDOZON is a dietary supplementary food promoting metabolic processes, purifying, containing valuable mineral substances, vitamins and trace elements.

The digestive system is positively supported, and fermentation processes are regulated. Thus, during the change of coats, Equidozon has a very positive effect on the entire organism. In particular, this applies to overweight ponies.

Apple vinegar is extracted from 1 kg of sun-ripened apples and is ideally suitable for a varied healthy nutrition. The secret of the apple vinegar is within the apple which is pressed, fermented to vinegar, retaining its high fraction of vitamins, mineral substances and trace elements.

Application:

The use of EQUIDOZON is very practical and simple. A 25 ml of EQUIDOZON is added to the food or the drinking water daily. EQUIDOZON (1000 ml) is sufficient for 40 days.

EQUIDOZON fodder is only available in connection with the **EQUIDOZON** series.

Attention!

Only properly stored goods retain their quality! Store it between +2° C and +18° in a dry and dark place

Use it up within 4-6 months after opening
